

MARKET BOI INVESTOR EQUITY PARTICIPATION POLICY

Project Overview

Market Boi is an AI-powered marketplace and local services platform designed to connect customers, field agents, logistics agents, local traders, and service providers through a unified digital ecosystem.

Project Valuation

Total Project Capital Requirement: ₦200,000,000 (Two Hundred Million Naira)

The company is seeking strategic investors to participate in the growth, expansion, and commercialization of the Market Boi platform.

Equity Investment Structure

The following equity participation opportunities are available:

Tier Share	Equity Share	Investment Amount
Associates Investor	2% Equity	₦4,000,000
Strategic Investor	6% Equity	₦12,000,000
Executive Investor	10% Equity	₦20,000,000
Principal Investor	15% Equity	₦30,000,000

Understanding Equity Ownership

Equity ownership represents a percentage stake in the company.

An investor's percentage ownership determines:

- Share of distributable profits
- Voting influence
- Strategic participation rights
- Access to company reports
- Eligibility for future investment opportunities
- Participation in company growth and valuation increases

Example:

An investor owning 2% equity in Market Boi owns 2% of the company and may be entitled to 2% of declared distributable profits, subject to company policies and applicable laws.
